Main responsibilities:

- Inspect, diagnose, and repair a diverse fleet of golf course maintenance equipment.
- Adjust and sharpen reels and mowers (specialized training provided).
- Maintain a clean, organized, and safe shop environment.

Competencies:

- Strong knowledge of gas, diesel, hydraulics, and small 2-stroke engines.
- Proficiency in electrical systems and welding.
- Excellent communication skills and a team-player attitude.
- Valid driver's license.
- Asset: D.E.P. in Automobile Mechanics or Recreational Vehicle Maintenance.

Compensation:

- Comprehensive Group Insurance and other advantages.
- Opportunities for professional growth and development.
- Salary: \$26–\$28/hour (based on experience)
- Golf privileges in accordance with club policy.
